## **Missions / Policy Statement**

### **§47-5-1. Policy of state in operation and management of correctional system; independent internal examinations.**

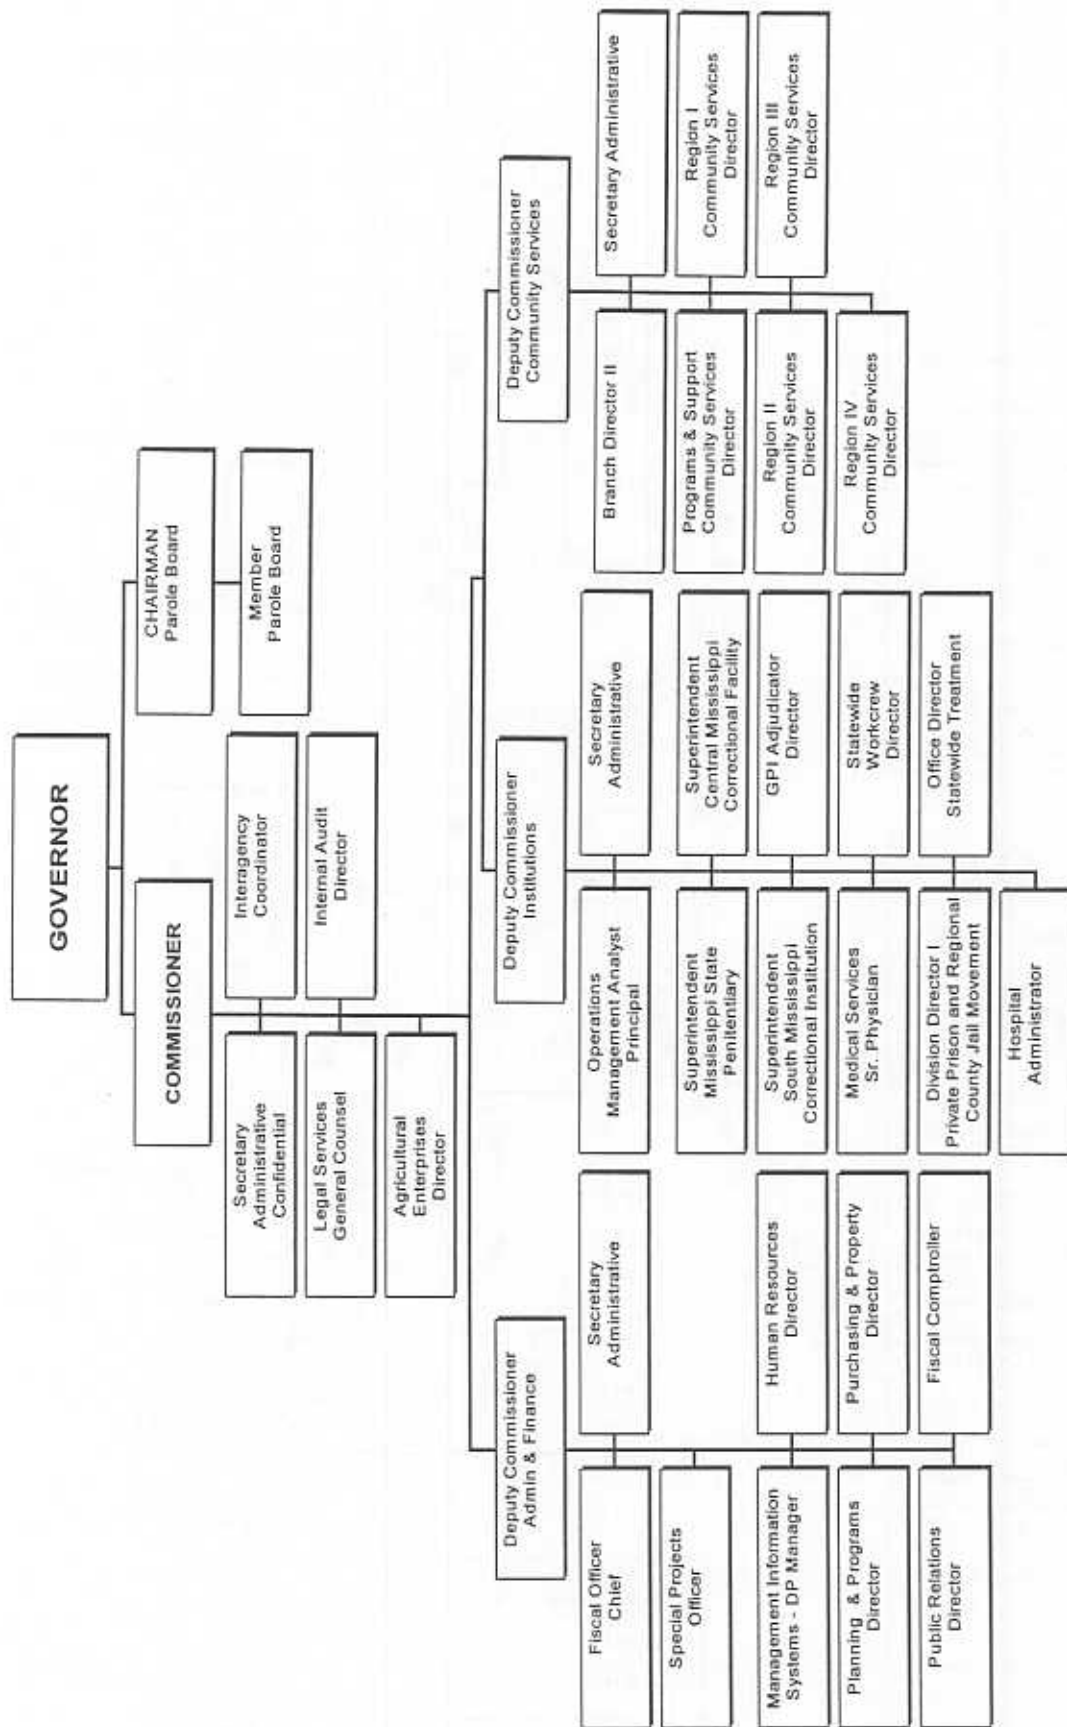

It shall be the policy of this state, in the operation and management of the correctional system, to so manage and conduct the same in the manner as will be consistent with the operation of a modern correctional system and with the view of making the system self-sustaining. Those convicted of violating the law and sentenced to a term in the state correctional system shall have humane treatment and shall be given opportunity, encouragement and training in the manner of reformation.

It shall be the policy of this state that the correctional system shall be operated and managed in the most efficient economical manner possible. The Mississippi Department of Corrections shall so manage and operate the correctional system in that manner in order to make the system self-sustaining and to conserve state general fund revenues. The Mississippi Department of Corrections shall provide leadership to bring about the earliest possible construction of satisfactory prison inmate facilities and shall utilize existing state resources, including inmates for prison construction labor, when and wherever practicable, in order to minimize the need for state general funds for prison construction.

It shall be the policy of this state that periodic independent internal investigations of the department shall be conducted to ensure the implementation of state correctional policies.

## DIVISION OF COMMUNITY SERVICES

### AREA OF RESPONSIBILITY

The Division of Community Services is responsible for the supervision of offenders placed on Pre-Trial Diversion or Probation, inmates released from incarceration by Parole or other early release, inmates on Intensive Supervision in the community, inmates incarcerated in the Community Work Centers and offenders housed in Restitution Centers and Medical Release. All investigations pertaining to these offenders, all programs designed for these offenders and all surveillance of the offenders are the responsibility of the Division Staff.

### ORGANIZATIONAL STRUCTURE

The Division of Community Services, with 582 employees, is divided into 4 geographic areas and a Central Office. Four Community Services Directors are located in specific geographic areas of the state and supervise all field offices and facilities. The Deputy Commissioner and his staff are located in the Central Administrative Office, as well as the fifth Community Services Director who is responsible for Programs and Support and supervises Community Services Records, Interstate Compact Services and Programs.

### GENERAL FIELD SUPERVISION

There were 187 authorized Field Officer positions in Community Services this fiscal year. Approximately 90 % of the 140 officers assigned to non-specialized caseloads was filled. These officers supervised a monthly average of 13,000 offenders on pre-trial diversion, probation, parole and early release. In addition, as officers of the court, they were responsible for completing pre- and post-sentence investigations on all convicted felons, investigating violations, issuing warrants, and initiating and participating in revocation hearings. Their duties also included the completion of all pre-release investigations for the Parole Board and compact investigations for the Interstate Compact Office. They were responsible for the collection of supervision fees, as well as the verification of restitution, court costs, fines, and positive assay fees. Officers successfully discharged 4,951 offenders this year and revoked 1,826. Field Officers with non-specialized caseloads had an average of 104 offenders under supervision.

The remaining Field Officers were assigned to Restitution Centers and to the supervision of Intensive Supervision cases.

Authorized Field Officer Positions	187
Average Monthly Offender Population	13,670

Pre-Release and Compact Investigations Completed	10,519

## SERVICES/PROGRAMS

### INTERSTATE COMPACT SERVICES

The State of Mississippi participates in the Interstate Compact for Adult Offenders. Under the terms of the Compact Agreement, Mississippi provides courtesy supervision to probationers and parolees from other states in exchange for courtesy supervision of Mississippi offenders

residing in other states. All investigations and reports pertaining to the transfer of offenders into or out of the State, as well as correspondence regarding their progress and violations, are the responsibility of the Interstate Compact Office.

Parolees From Other States Receiving Courtesy Supervision in Mississippi	502
Probationers From Other States Receiving Courtesy Supervision in Mississippi	1,187
<b>Total Number Offenders From Other States Receiving Courtesy Supervision in Mississippi</b>	<b>1,689</b>

### INTENSIVE SUPERVISION PROGRAM (ISP)

The Intensive Supervision Program (ISP) is a program designed to provide an accelerated level of supervision in a community setting to offenders who would otherwise be incarcerated. It includes offenders sentenced directly from the court, as well as incarcerated offenders selected by a Joint Placement Committee. Although residing in the community, all offenders are inmate status and can be immediately placed in an MDOC facility upon violation of the program.

Officers carrying small caseloads ensure very limited movement by the offender in the community by restricting him/her to activities such as employment, worship services, treatment, etc. The officer accomplishes this with the use of electronic monitoring equipment, as well as numerous contacts with the offender, his family, and his employer. In addition to the strict surveillance, officers develop a case plan for the offender, concentrating on problems in the areas of employment, education, substance abuse, relationships and environment.

#### DRUG URINALYSIS LABS

Urinalysis labs are located in 5 areas of the state. They are responsible for urinalysis screening of Intensive Supervision Program participants, other

offenders supervised by Field Officers, probationers housed in Restitution Centers, and inmates housed in private prisons and regional jails.

### F.R.E.E.

F.R.E.E. (Facing Reality Educationally and Emotionally) is a program designed to assist Field Officers in assessing, treating and monitoring offenders on their caseload who have a drug problem. Eight Treatment Coordinators are located at various locations around the state providing services to offenders in multiple counties.

Coordinators assess offender treatment needs, refer to the appropriate treatment and monitor offender progress. In addition, they teach a structured life skills curriculum twice a month to assist offenders in other areas of their life affected by their substance abuse problem.

### PRE-TRIAL DIVERSION

The Pre-Trial Diversion Program is an alternative to felony conviction in which a defendant voluntarily submits to a period of supervision which may result in the dismissal of the charge against him, if the period of supervision is

successfully completed. The supervision period ranges from 6 months to 3 years, and termination is made in court by a motion from the Office of the District Attorney.

In FY 98 there was 1 active Pre-Trial Diversion Program in the State. Community Services provided field personnel to screen for eligibility and supervise defendants referred to the

program by the Office of the District Attorney. The Field Officer assigned to the program supervised a monthly average of 93 offenders.

### RESTITUTION CENTERS

Restitution Centers are community based intervention programs serving as diversions for marginal risk offenders who otherwise would be incarcerated in a state prison. Offenders are sentenced to reside in the Center and participate in the program as a condition of their probationary sentence. Sex offenders, offenders with lengthy criminal records, and unemployable offenders are prohibited from entering the program.

Residents of the center are assisted in obtaining employment. Money

earned is distributed to crime victims for restitution, courts for court costs and fines, MDOC for room and board, and the remainder, after taxes, goes to the offender's family or the offender's holding account. Upon completion of the program, residents are transferred to a Field Officer and remain under supervision for the remainder of their probationary sentence.

There are currently 4 Restitution Centers operating in the State. Plans are underway for additional centers in the future.

## COMMUNITY WORK CENTERS

A Community Work Center (CWC) is a community-based program designed to provide a gradual, systematic reintroduction of an offender into community life. Minimum risk inmates successfully completing an extensive screening process are placed in a CWC for the remainder of their sentence.

Minimum custody inmates assigned to these centers provide labor at no cost to State, county and city units of government. Typically, these units house approximately

75 inmates that perform a wide range of tasks including

but not limited to bridge repair, road work and, water, sewer, sanitation details. During FY 98, CWC inmates provided nearly \$10 million of labor to these governmental entities.

The CWC is designed to facilitate the inmate's reentry into society. Alcohol and drug counseling, literacy classes, along with recreation and religious programs, and GED preparation are available in the CWCs.

## TREATMENT

### CORRECTIONAL EDUCATION

MDOC, with the assistance of the Mississippi Department of Vocational Education, offers a variety of vocational training disciplines for qualified inmates. Requirements for enrollment begin with the inmate informing the case manager or unit administrator of his desire to obtain vocational training. The case manager will initiate and forward this referral to Classification for processing. Furthermore, the inmate must have a desire to enter a trade vocation. The inmate should have between 12 and 36 months remaining to serve before his parole or release date. A satisfactory review by a vocational counselor of the application record must be completed before enrollment. A Vocational Education diploma is awarded to the student after successful completion of requirements.

The different disciplines offered at MSP include Auto Body & Fender Repair, Auto Mechanics, Brick/Block/Stone, Carpentry, Cooking & Baking, Diesel Mechanic, Horticulture/Catfish Farming, Industrial Electricity, Machine Shop, Plumbing/Pipefitting, Sheetmetal, Welding, Air Conditioning and Refrigeration, Electronic Servicing, Marine Maintenance and Welding.

CMCF offers programs in Business & Office Technology, Cosmetology,

Industrial Sewing, Family Dynamics, and Upholstery. All students enrolled in a vocational training area are eligible to attend Related Studies classes. This program is designed to correct academic deficiencies in reading, language, and math, which hinders success in the vocational training areas, and to develop employability skills, needed for the workplace.

Auto Body & Fender Repair, Industrial Electricity, Plumbing/Pipefitting, Vehicle & Mobile Equipment Repair and Welding are offered at SMCI.

The Adult Basic Education Program is also housed under the umbrella of Vocational Education within MDOC. MDOC Vocational Education has received a 3 year federal grant which provides funding for training youthful offenders 25 and younger that have 5 years or less to serve before his release date.

Life Skills for Prisoners in Mississippi is a federally funded program administered through the State Board for Community and Junior Colleges. The focus of this program is on life skills for inmates to increase post-release employment, reduce recidivism, and improve reintegration into the community.

## ALCOHOL AND DRUG

The Alcohol and Drug Treatment Center (ADTC) of the Mississippi State Penitentiary opened in May of 1976 at Unit 7 and is now located at Unit 26. The ADTC provides inmates with substance abuse problems a comprehensive program of treatment, awareness and motivation, which promotes a substance-free, responsible, and productive lifestyle upon release. During FY98, one thousand six hundred eighty successfully completed the program. Three-hundred and sixty-four of the participants completing the program were Regimented Inmate Discipline (RID) inmates. One thousand one hundred and sixty-seven completed the Alcohol and Drug treatment at MSP and 201 completed the program at CMCF. Forty-eight female RID inmates completed treatment at CMCF. Aftercare services were provided to an average of 123 monthly.

## PRE RELEASE/JOB ASSISTANCE

The primary purpose of the Pre-Release/Job Assistance Program is to prepare offenders to be successful in the workplace and in society upon his/her release from incarceration. The program's services and activities are designed to focus on improving the participant's employability, social, and human relations skills in order to remove

them from the State's tax roll and onto an employer's payroll. Since the program's inception on February 1, 1975, it has served more than 13,000 offenders and secured jobs for approximately 10,200.

Among the services provided to assist inmates prior to their release are:

- **Remedial Education** is a computer based program which is self-paced with built-in pre- and post- tests.
- **Adult Literacy in Workplace** provides offenders, whose reading levels are below the eighth grade level, with an opportunity to receive classroom training geared toward workplace literacy.
- **Employability Skills Training** is an open-ended classroom activity exposing participants to the world of work.
- **Counseling** allows the participants an opportunity to share with a professional in resolving occupational and personal conflicts.
- **Job Development** matches the offenders with employers results in the offender obtaining suitable employment.

- **Transportation** allows offenders assistance in reaching job interviews.
- **Residence Development** assists offenders securing a suitable residence upon release.
- **Financial Assistance** processes applications for exiting funds for soon-to-be released parolees.
- **Follow-up** is performed up to ninety days following release to assist offenders with problems concerning their jobs and/or residence.

During FY 98, the Pre-Release Program served 930 participants. Six-hundred forty-five of them successfully

completed the program and 553 were successfully placed in jobs. The remaining 345 offenders are still active in class or actively pursuing job placements. Pre-Release Services were also provided to the Regimented Inmate Discipline (RID) offenders. In addition, 423 of the 428 enrolled in the Adult Literacy component successfully completed the program. Eighteen offenders received their GEDs.

At the Mississippi State Penitentiary Pre-Release services were provided to offenders in the Pre-Release Center (Unit 25), the Regimented Inmate Discipline Program offenders (Unit 4), and the HIV/Special Needs Offenders (Unit 28).

Additionally, the Pre-Release Program was awarded federal grant funds through the Department of Public Safety Planning Office to implement and operate a Residential Substance Abuse/Treatment Program (RSAT) in both Pike and Quitman Counties. The RSAT Pre-Release Program was implemented in the Pike and Quitman

Pre-Release Centers in November, 1997. The RSAT Program is designed to provide treatment to the offender for 6 months to 1 year. The initial participants were released from the centers beginning in April 1998. Pre-Release Programs were also implemented at the CMCF and Flowood Pre-Release Centers.

## REGIMENTED INMATE DISCIPLINE (RID)

Instituted by MDOC in 1985, the RID Program combines a "boot camp" approach with psycho-correctional interventions to provide an alternative to long term incarceration for selected offenders. The recidivism rate is generally lower for RID participants than for the inmate population at large. The results are substantial savings in prison costs.

Initially, RID heavily emphasized military style instruction, based on instilling discipline, respect for authority, and self-esteem. Gradually the program has been modified to encompass a variety of rehabilitative and treatment elements including alcohol and drug, psychological, and employment counseling, ABE, and discipleship study. Further, RID incorporates community service projects and labor tasks to instill a work ethic.

A total of 721 male participants were processed and sentenced by all 22 Circuit Court districts through the program, of which 16 were diverted due to some medical problems or other exclusionary criteria. Of the remaining 705 participants, 65 were terminated or not released from the program due to non-compliance or being a poor risk for probation. The resulting 640 (91%) successfully completed RID were released on probation during FY 98.

Since its inception in April of 1985, and throughout FY 98, 7081 male participants have entered RID at MSP, of which 6111 have been released on earned probation through FY 98. In March of 1996, a 200 bed male RID unit was opened at SMCI. Through FY 98, 837 have been processed and 648 have successfully completed the program. Another 100 inmates were either diverted or terminated.

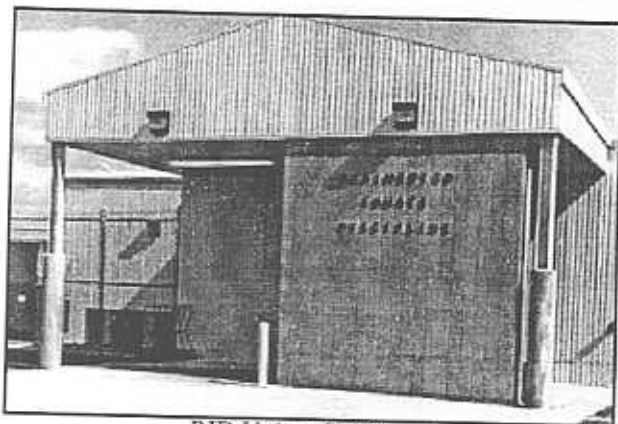

The female RID unit at CMCF has had approximately 750 participants in its program since its inception in March 1987. The program was transferred to the satellite facility in Flowood at the beginning of CY 97. This program typically has 18-20 participants on a monthly basis.

Currently, funding for administrative, paramilitary and security staff for the 3 RID programs is provided by each of the host institutions' general operating budgets. Funding for non-paramilitary treatment staff comes from a combination of State, Federal, and church sources and varies for each institution. Accordingly, program design differs depending on available funding and partnerships between institutions and service providers, and subsequent coordination of program components.

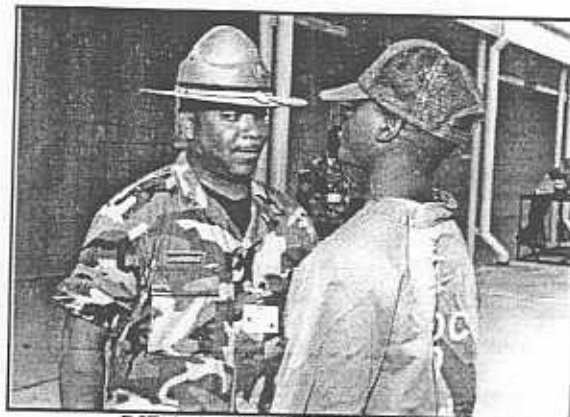

Efforts are underway to develop Community Service and Pre-Release Components at RID/SMCI similar to those at RID/MSP.

## INMATE LABOR

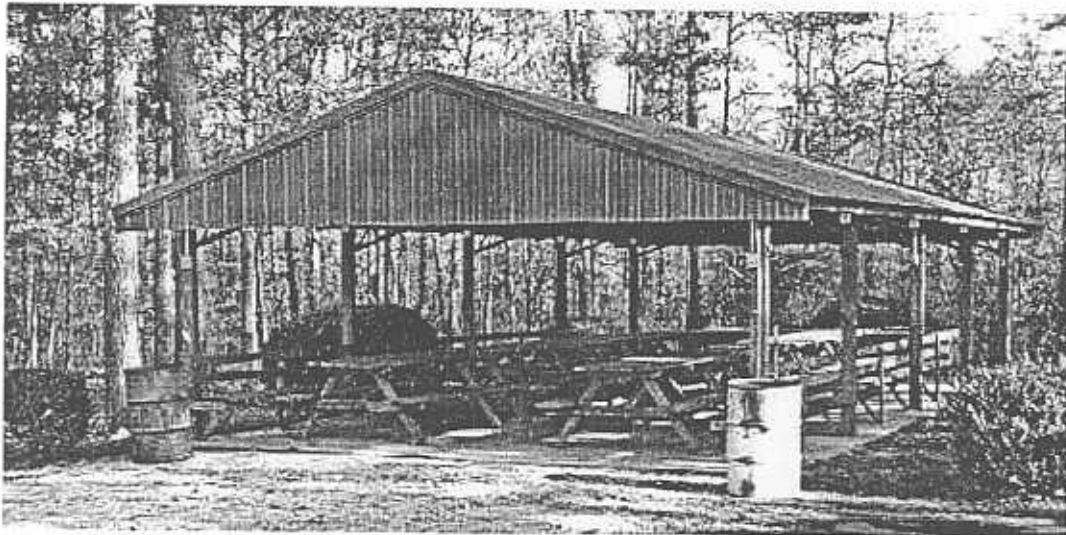

### MOBILE WORK CREWS

In September 1995, the Mississippi Department of Corrections initiated the Mobile Work Crew Program. This program operates out of the three main prisons and provides skilled labor for municipalities, and county and State government entities that do not have normal access to this free inmate labor.

These work crews consist of twelve to fifteen non-violent inmates who have general construction skills and meet the

Agency's selection criteria. Two correctional officers are assigned to each crew to ensure that all agency security regulations are maintained and to facilitate timely and effective communications.

During the past fiscal year, approximately 40,000 hours of inmate labor was provided to these various government municipalities through this valuable program.

## AGRICULTURAL ENTERPRISES

One mission of the farm program or Agricultural Enterprises (AE) is to decrease inmate idleness. During FY 98 inmates worked 723,200 hours in the agriculture program.

Agricultural Enterprises planted 1,573 acres of vegetables, 1,648 acres of corn, 365 acres of rice, 3,359 acres of soybeans and 721 acres of cotton.

The poultry facility is in full production with approximately 34,000 layers. A total of 333,420 dozen eggs were delivered to Food Services with a non-cash value of \$263,671.

The swine operation farrowed 819 litters averaging 10.0 pigs per litter with 8,222 live births. There were 806 litters weaned averaging 8.9 pigs per litter with 7,144 pigs weaned. Feeder hogs marketed totaled 3,633 head for \$377,248. The breeding herd received 428 produced gilts into the herd.

Two major construction projects were under way during the fiscal year. The egg washing facility was completed during FY98. Construction was still in progress at the close of FY 98 for the vegetable processing facility.

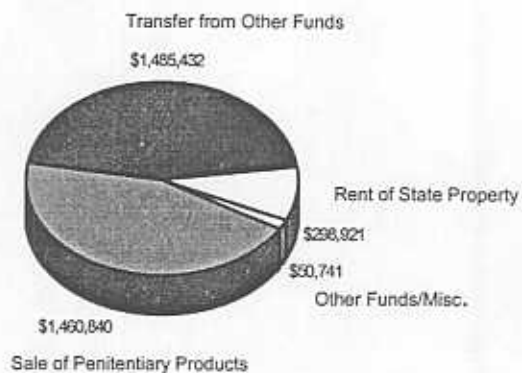

The inventory of commodities carried over from FY 98 had a value of \$84,629. This figure includes the seed, fertilizer, chemicals and swine feed not expended during FY 98.

In FY 98, AE was not appropriated any General Fund monies. After all FY 97 expenditures, AE began FY 98 with a Special Fund balance of \$1,706,454. During FY 98, generated revenue totaled \$3,295,934 against expenditures of \$3,047,514. Revenue and expenses are based on the August 31, 1997 SAAS FY 98 reports.

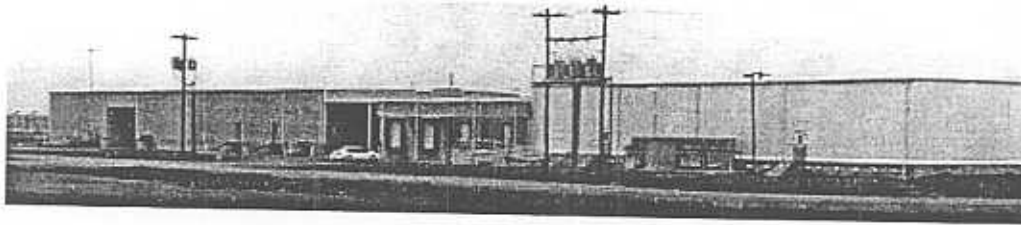

Non-Cash Sales value for FY 98 vegetable and egg production is \$1,364,863. The total pounds of vegetable Non-Cash Sales for FY 98 are 2,794,449. Egg sales consisted of 334,420 dozen. Vegetable value is based on the USDA Atlanta Marketing Report. All processed vegetables were donated to the MDOC Food Service Department.

On June 30, 1998, the Agriculture Enterprises Special Fund had a balance of \$2,389,624. This represents \$724,990 more than at the end of FY 97. Cash income received for AE including deposits in transit totaled \$3,295,934.

## INTERNAL AUDIT DIVISION

During FY 98, the Internal Audit Division (IAD) continued to expand its role as the agency's investigative division. IAD conducts criminal and administrative investigations. It also provides investigative assistance to Federal, State, county and local law enforcement agencies and private facilities.

Drug and gang investigations continue to be a top priority. Intelligence gathering concerning staff, contract vendors and inmates has increased. Investigators interview inmates who test positive for drugs in order to develop intelligence on how they obtained the contraband.

Gang Threat Coordinators assigned to each institution/facility worked with IAD to develop a uniform/standardized format for identifying, validating and tracking gang members.

The Internal Audit Division investigators continue to conduct criminal and/or administrative investigations involving all escapees from the Mississippi Department of Correction facilities and those facilities which house state inmates.

The duties of the Internal Auditors have been expanded to encompass auditing of

Community Services Field Offices to enhance their operation.

IAD has provided assistance to other entities that house state inmates in conducting criminal and administrative investigations being conducted by their staff.

The division receives inquiries and complaints from inmates and relatives of inmates housed at MDOC facilities and private prisons. IAD responds to inquiries/complaints or directs them to the appropriate entity for follow-up.

The Internal Audit Division, upon request, provides training to other MDOC personnel. Additionally, and at the request of the MDOC Personnel Department, IAD conducts criminal background checks on applicants seeking employment with the Agency.

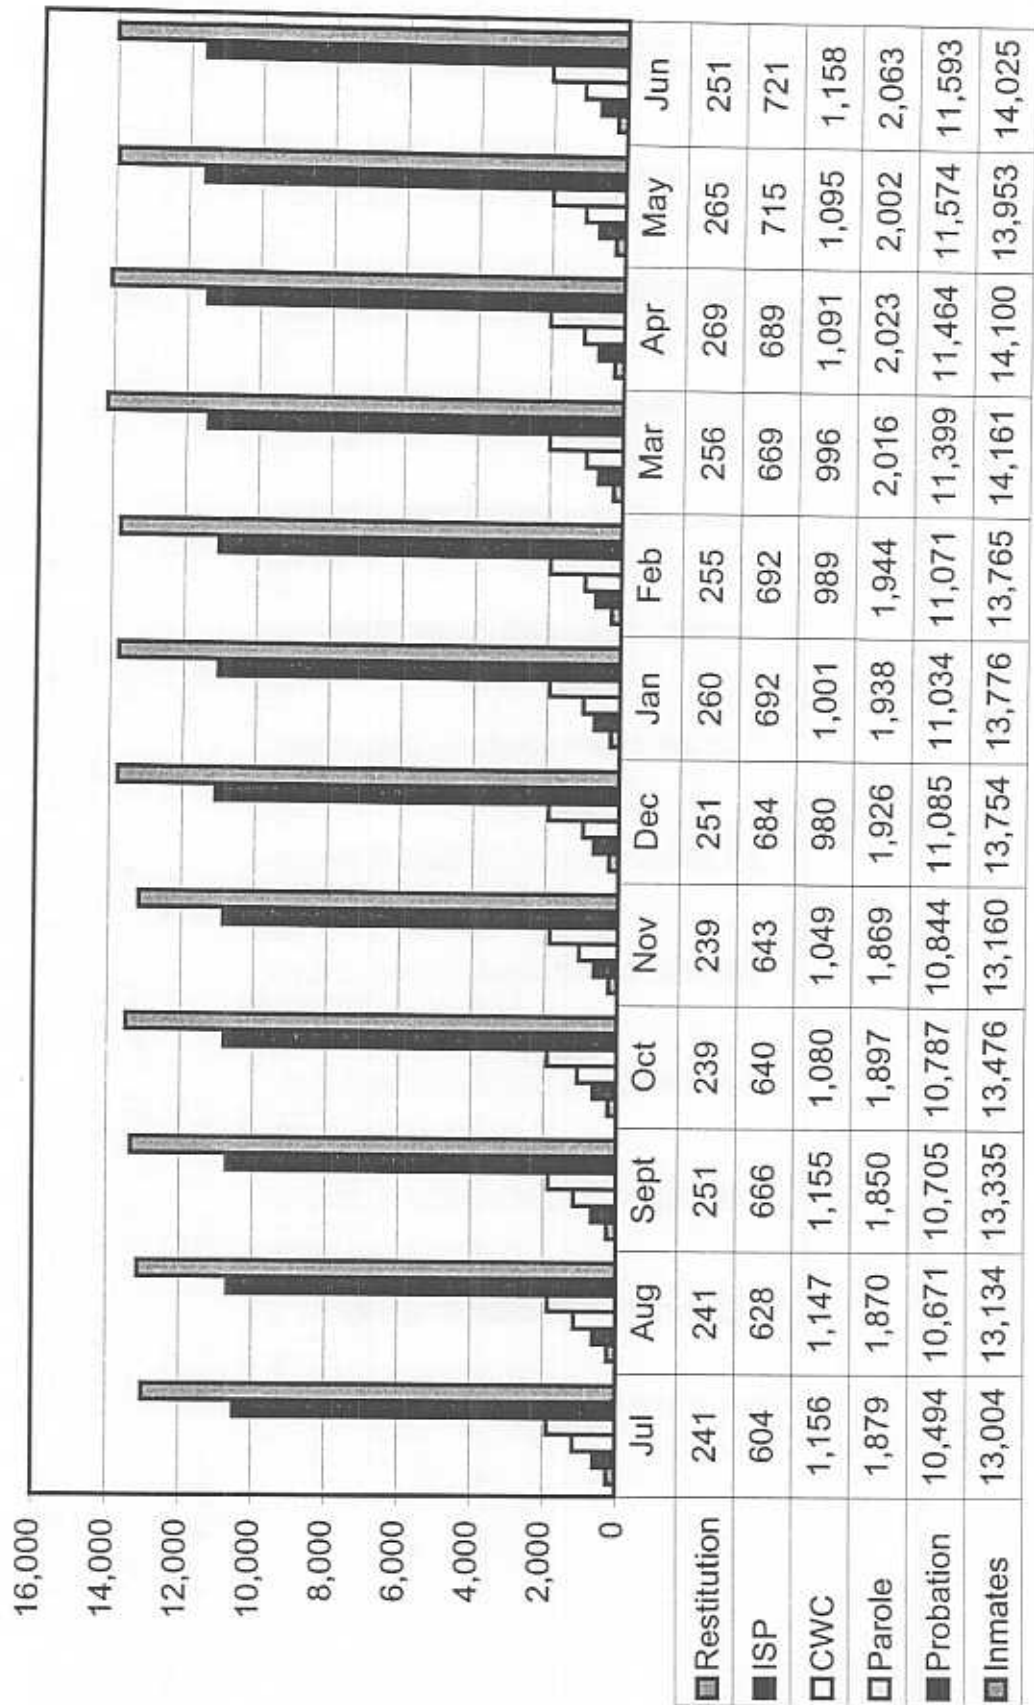

During FY 98, 406 cases were processed by the Internal Audit Division, resulting in the following actions:

## **FY 98 LEGISLATIVE SESSION BILLS ENACTED INTO LAW WHICH AFFECTED THE MDOC**

### **Brief Summaries**

#### **House Bill 59**

‣ Makes it unlawful for any employee of the MDOC, sheriff, or other law officer to engage in any sexual conduct with any offender for any reason.

#### **House Bill 649**

‣ Allows the Commissioner to place inmates in county jails to serve part or all of their sentence if it is determined that physical space is not available in one of the state correctional institutions.

‣ Ensures that county jails will be reimbursed the cost of feeding and housing these inmates. This price per day shall not exceed \$20.00.

‣ Gives the sheriff of any county the right to petition the Commissioner of the Department of Corrections in order to remove a state inmate from the county jail and return him/her to the State penitentiary.

‣ A policy established by the Legislature to ensure that all state inmates be removed from county jails as early as practicable.

#### **House Bill 650**

‣ Allows the State Department of Finance and Administration, with the approval of the Public Procurement Board, to lease lands at public contract upon the submission of 2 or more sealed bids.

#### **House Bill 799**

‣ Increases the monthly amount that any offender under field supervision must pay, to the Department of Corrections, from \$20 to \$25.

‣ Twenty Dollars shall be deposited into the State Treasury and will be known as the Community Service Revolving Fund.

‣ Ten Dollars of the \$20 may be used for salaries and equipment purchases by the Community Services Division.

‣ Three Dollars shall be deposited into the Crime Victim's Compensation Fund.

‣ Two Dollars shall be deposited into the Training Revolving Fund.

#### **House Bill 800**

‣ Ensures that an inmate who has filed three lawsuits that have been dismissed on the grounds that they were frivolous, malicious, or failed to state a claim will be responsible

for all the filing fees and cost of the action or the inmate shall pay 20% of the total funds located in his/her inmate account over the preceding 6 months.

‣ Disallows an inmate from bringing civil action or appealing a judgement if the prisoner has had 3 or more cases dismissed on the grounds that they were frivolous or malicious, unless that prisoner is under imminent danger of serious physical injury.

#### **House Bill 803**

‣ Requires inmates, or any offender still under the supervision of the Department of Corrections, to participate in the MDOC drug identification program.

#### **House Bill 951**

‣ Allows Tallahatchie County to create a correctional authority to ensure the construction of a correctional facility within the county.

‣ Allows Tallahatchie County to contract with private entities for the operation and management of the new facility.

‣ Authorizes Tallahatchie County to contract with the United States and any state or states for the housing of offenders.

‣ Requires that a MDOC Compliance Officer be present at the facility, as well as allowing the department to conduct investigations.

#### **House Bill 1155**

‣ Authorizes the Commissioner to appoint investigators with the Internal Audit Division to investigate and enforce all state laws that are related to the day-to-day operations of the department.

‣ Allows Internal Audit Division investigators, by authority of the Commissioner, to investigate and enforce all state laws within private prisons and regional county correctional facilities.

#### **House Bill 1239**

‣ Requires the MDOC to contract with the Walnut Grove correctional authority, or the governing authorities of the Municipality of Leake County.

‣ Ensures that the maximum age of an offender housed in the facility will not exceed 19 years.

‣ Provides that the Regimented Inmate Discipline (RID) Program shall be implemented at the facility.

‣ Designates Kemper County as the official site for any future juvenile correctional facilities.

‣ If a third juvenile correctional facility is constructed, then sites in North and South Mississippi shall be considered giving preference to Quitman County in North Mississippi.

#### **House Bill 1262**

‣ Makes it unlawful for any correctional employee (MDOC or private) or law officer to furnish an offender in any state penitentiary, county jail or municipal jail with any weapon or contraband item, alcoholic beverage or controlled substance.

#### **House Bill 1290**

‣ Authorizes the MDOC, in conjunction with the Department of Administration and Finance, to purchase real property in Greene County.

#### **House Bill 1402**

‣ Establishes a change in the method of execution from gas to lethal injection.

#### **House Bill 1685**

‣ Reappropriates a set sum of money in the State Treasury to the credit of the Correctional Facilities Emergency Construction Fund (Fund No. 391G).

‣ Authorizes these funds to be used for the purpose of constructing a community work center in Alcorn County.

#### **House Bill 1878**

‣ Authorizes the City of Walnut Grove to create the Walnut Grove Correctional Authority.

‣ Provides membership and terms of office for the board of the correctional authority.

‣ Authorizes the Walnut Grove Correctional Authority to construct a correctional facility located in Walnut Grove.

‣ Authorizes the Walnut Grove Correctional Authority to contract with a private entity for the operation and management of the facility.

#### **Senate Bill 2591**

‣ Gives private correctional officers the authority to use necessary force to recapture escaped offenders.

‣ Provides that private jailers may aid in the recapture of escapees.

‣ Authorizes that certain county jails may house low-risk offenders from other states.

#### **Senate Bill 2662**

‣ Requires the MDOC to notify the Sheriff and the Police Chief of each municipality in the county when any out-of-state parolee is placed on probation or paroled to the state of Mississippi.

#### **Senate Bill 2721**

- Requires that any offender who violates House Arrest conditions will be arrested by the correctional field officer and placed in the custody of the Department of Corrections.
- The offender who violates House Arrest conditions will be under the full and complete jurisdiction of the department and subject to removal from the program by the Classification Committee.
- Allows the court to place any offender into the Intensive Supervision Program, acting upon the advice of the Commissioner, at the time of the initial sentencing and no later than one year after the offender has been delivered to the custody of the MDOC. Except when a death sentence or life imprisonment sentence is the maximum penalty or if the offender has been confined due to a conviction of a felony in the past.

#### **Senate Bill 2726**

- Establishes that any lawsuit brought forth by inmates that are deemed as frivolous, malicious, or fail to state a claim upon which relief can be granted will result in that inmate's forfeiture of any earned time that was gained from displaying good conduct and performance.

#### **Senate Bill 2871**

- Revises the time of execution from midnight to 6:00 p.m., or as soon as possible thereafter within the next 24 hours.
- Allows for two (2) members of the victim's family to be present as witnesses during the execution.
- Allows the body of the person executed to be released immediately by the State Executioner to the relatives of the dead person or to friends that have been approved to claim the body.
- The Commissioner may donate the unclaimed body of an executed person to the University Medical Center for scientific purposes. The county of conviction shall bear the reasonable expense of burial in the event the body is not claimed.
